Amendment by D. B. Montgomery that Sections 1 - 33 be stricken from this original motion and that the three following sections be substituted:—

REPORT OF LIBRARY TRUSTEES

At long last we trustees feel that even though our library is small it is coming into its own with the constant use.

This year we are happy to announce that due to a stepped-up school reading program the library is being used by the children of the town, more than ever before.

After conference with the school principal, Mr. Karl Hislop, and the P.T.A. volunteers, a new schedule has been set up where the children go to the library each week from 1 p.m. until 3 p.m. The library continues to be open until 8 p.m. for the benefit of the townspeople as well as any other children who may want to take advantage of it for after school reference work.

During this past year several trustee meetings were held where all three trustees were present as well as the librarian. These meetings serve a worthwhile purpose because of the exchange of ideas and opinions as well as settling the business at hand.

We especially want to thank the townspeople for our raised appropriation of last year. This enabled us to purchase a set of Encyclopedia Americana. This is something that has been lacking from our library and was sorely needed. At the present time they have been lent to the school on a temporary basis for their research work.

We feel extremely grateful to our librarian for her many kindnesses extended to all during this past year.

1962 was a very busy year, very rewarding in certain aspects and very aggravating in others. We responded to 27 emergency calls, with total damage held to $1,500.

3 for resuscitator	14 brush fires
3 chimney fires	4 calls to town dump
2 fires in trees caused by elect. lines	1 car fire

Three of the brush fires were out of town and we were very pleased to respond after having requested their assistance numerous times in the past. One call was to Bow, one to Concord, and one for Manchester. We also called Bow to assist us at John Ballam's and Concord to assist us at Howard Aberg's.

Other items we worked on were chicken barbecue, June 24; bean supper, December 8; two training classes by Dr. Brooks for resuscitator; rebuilding of pump for brush truck; bulldozing on new fire house site with bulldozer loaned by Chadwick BaRoss, Inc., of Concord, etc. Roger DesRochers of Manchester brought his Gradall to the new site and did a very fine job of excavating at no cost to the town. The Fire Eagle pump was overhauled by Maurice Hodgman.

A great deal of effort and research has gone into the plans for the new fire station. We hoped to get started last fall. However, as it developed, it was deemed advisable to wait until spring to eliminate the possibility of frost damage to the new foundation if we shouldn't get it back-filled immediately. The Fire Department voted to donate $600 from its treasury to assist in the erection of the new station.

At this time I should like to express our appreciation to everyone for the very fine support we received this past year. This includes assistance in making our money-raising projects the success they were all the way to assistance at fires and other emergencies.

Respectfully submitted,

John R. Swindlehurst
Chief, Dunbarton Volunteer Fire Dept., Inc.

REPORT OF POLICE DEPARTMENT

The year of 1962 has been a busy one for the Police Department. Various complaints have been received including stray dogs, damage by dogs, suspicious persons, cars parked on the highway, stolen and abandoned cars, etc., and reports of accidents. These complaints have been investigated and proper action taken.

There have been more accidents than in the past year, slippery roads being responsible for some, while unreasonable speed, inattention, and operating after drinking caused others. Three operators were convicted of operating under the influence of liquor. As in 1961, no fatal accidents have occurred in town.

Again this year there have been fewer cases of breaking and entering or larceny of property, and less damage to property has been reported. The department feels that this is due, in part, to patrol of the roads and checking of unoccupied houses and cottages.

More use of the Speed Timer purchased by the town in 1961 was made during the past year and the consensus is that it has been very effective in the control of speed on our highways. The Citizens Band Radio purchased by the town this year has proved helpful to the Police Department in conjunction with the Speed Timer. There has been a noticeable decline in the number of vehicles operated at excessive speed. During the summer months, 1,852 vehicles were checked by the timer in addition to numerous occasions when no record of the number of cars checked was kept. Twelve respondents appeared in Municipal Court for traffic violations with nine convictions. One case was appealed to Superior Court and is still pending. Several operators, mostly out-of-state motorists, paid fines through attorney forms.

During the coming year the Department will be happy to comply with any request for use of the Speed Timer in any section of town. Anyone needing assistance in investigation of damage to property, larceny, etc., is urged to contact the Department immediately since results are more readily obtainable if the investigation can be made without delay.

The Department, in closing, wishes to thank all who were of assistance in the past year and hopes for your continued cooperation **PLEASE DRIVE SAFELY.**

The Dunbarton Police Department
Wilfred H. Marshall, *Chief*

REPORT OF PLANNING BOARD FOR 1962

The Planning Board held six meetings with an average attendance of six members. Meetings were held with Selectmen, Fire Department and Finance Committee.

On April 7th, the Selectmen called our attention to several motions acted upon at the Annual Town Meeting which they thought came under the jurisdiction of the Planning Board.

Under Article 31, $250 was raised and appropriated for remapping the Town to show new road relocations, approximate house positions, potential development areas, and that this map be enlarged to a size of at least 36" by 44" and any unused portion of this money be used to make accurate records of Real Estate transfers within the Town.

This article was discussed at length with the following results: that the money raised and appropriated was not sufficient to do the job required.

Under Article 37, it was moved by Joseph Iriana to have a report in the near future on findings of the Planning Board relating to another Town Well.

In so far as the Planning Board has any jurisdiction to make any recommendations relating to another Well, the Board recommends that there be no other Well.

Signed,

CLARENCE E. LEACH

Secretary of Planning Board

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Dunbarton —

I am pleased to submit my first annual report relating to the Center School. In September 1962 the Dunbarton Center School opened with an enrollment of 87 in eight grades, as follows:

1 —	22	5 —	6
2 —	9	6 —	8
3 —	12	7 —	10
4 —	9	8 —	11

Mr. Karl Hislop, our new Principal, is teaching grades 6, 7 and 8 with 29 students.

Mrs. Margaret Jeannotte, a new teacher for grades 3, 4, and 5 has 27 students in the three grades.

Mrs. Julia Anderson teaching grades 1 and 2 has an enrollment of 31 pupils.

The problem of overcrowding and an unreasonable teaching load will occur in September 1964 if the anticipated enrollment of 20 first grade pupils report to school. It would then be educationally unsound to continue a full combination of grades 1 and 2 as there would be in excess of 40 pupils in the combined grades.

With an anticipated total enrollment of more than one hundred it would appear that some provision will have to be made beyond the three teachers who comprise the staff.

The possible solutions would include:

1. tuition some students to a nearby school.
2. provide a temporary facility for a combination of grades with an additional teacher.
3. Undertake a building program which would in all probability demand an additional teacher.

The necessity for a carefully considered solution to the problem is imperative particularly in light of the fact that one solution, a building program, could affect the school policy of Dunbarton for a generation or two.

To maintain a good staff with a low annual turnover of personnel, is an assurance of continuity of a sound educational program and a minimum of interruption of a coordinated educational effort over the period of the pupils enrollment in the Dunbarton school system.

The Dunbarton School Board is endeavoring to maintain satisfactory facilities, adequate teaching materials and improved salaries to attract and retain capable and dedicated teachers.

This year our teachers under the supervision of Mr. Hislop, Principal, have instilled in our boys and girls an eagerness to learn, given good direction to the learning and developed an excellent community-school relationship.

The youth of our Community will be best served educationally when all of the forces for good in the community are united to jointly give direction and lend encouragement.

I trust that our joint efforts in behalf of the educational welfare of the youth of Dunbarton will continue and that there will be an unceasing evaluation and improvement in the quality of education. Our boys and girls are the future strength not only of Dunbarton but of America. Each must have an opportunity to receive an education suited to his needs, aspirations and abilities that he may best develop his potential to serve his own interests and simultaneously strengthen our nation.

I wish to express my sincere appreciation for the many courtesies and excellent cooperation extended to me by each member of the school board, the teachers, the pupils and the citizens of Dunbarton.

Respectfully submitted,

ERNEST PELTONEN

Superintendent of Schools
